Bishop Tudor Bismark

Bishop Tudor Bismark is the Founder and Senior Pastor of New Life Covenant Church in Harare Zimbabwe. He is also the founder and honorary Chairperson of Jabula New Life Ministries International, which extends its network to thirty-one nations globally and he serves as the Chairman of the Council of African Apostles, a council of some of continent's greatest churches.

Born in Bulawayo, Zimbabwe, Bishop Tudor Bismark has been ministering the Gospel of Christ for 50 years, celebrating the Jubilee of his career in 2024. He has ministered around the world on the grandest platforms, yet has chosen to live in

Zimbabwe despite the challenges the country has faced. He pastors New Life Covenant Church with his wife, Chichi, and his four children, Drene, Jason, TJ and their late son Bernstein. The Bismark family have chosen to trust God in the country they love, and have demonstrated that by serving their community to testify of God's faithfulness to them and the nation of Zimbabwe.

He is an apostle to the nations; a council to leaders; a pastor to pastors; and still a father to those in need.

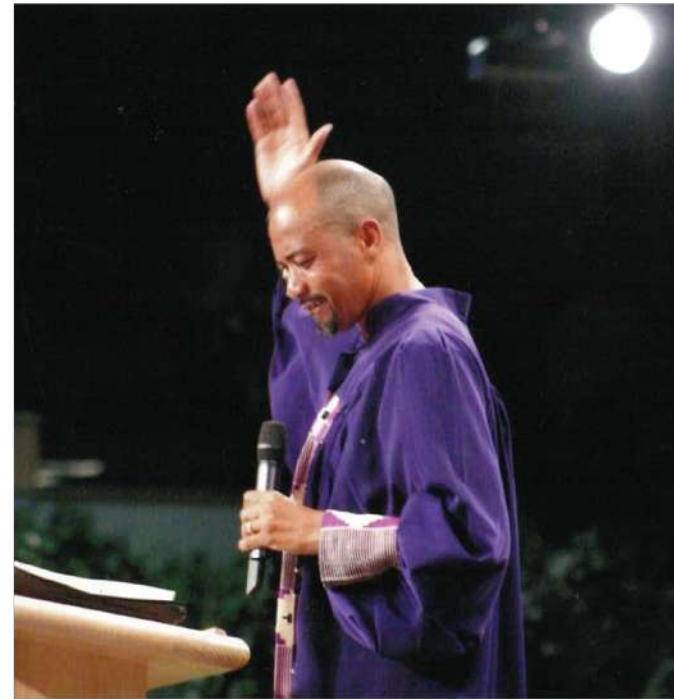

His Ministry's Inception

New Life Covenant Church was originally founded in the late 1970s in Harare (then Salisbury) by missionaries from the United States of America. It was originally known as New Life Temple. New Life Temple had its home in the Eastlea area, and the building was dedicated in

November of 1980. In that same week, Tudor Bismark was ordained as a minister of the gospel on 8 November 1980. Bishop Tudor Bismark became the Senior Pastor of New Life Temple in 1984, and has been the Senior Pastor ever since.

Musical Journey

Bishop Tudor Bismark's musical talent was nurtured from a young age, courtesy of his family's musical background. His father and uncle were musicians, and he naturally gravitated towards music in school, playing the clarinet, flute, bass guitar, and percussion.

After becoming a Christian, Bishop Bismark dedicated his musical talents to the church, leading praise and worship for 18 years. When he asked God why the church didn't have external musicians, God revealed that He wanted Bishop Bismark to provide a strong musical foundation every Sunday.

God promised that when the foundation was strong, He would send more musicians than the church could manage, ensuring the church's musical excellence and spiritual growth. This divine mandate set a high standard for music in the church.

FAMILY

Most Beloved

Pastor ChiChi is the wife of Bishop Tudor Bismark. She is the co-founder of Jabula New Life Ministries & pastor of New Life Covenant Church in Harare, Zimbabwe. Her sincere heart for people and her desire for the manifestation of the power of the Word of God in the earth has positioned her as a credible minister in her own right.

Pastor ChiChi is an intercessor, a prophet, a teacher and an encourager to the body of Christ globally. Anointed in the areas of sound biblical teaching, healing and kingdom finance, she along with Bishop Bismark have grown their assembly in Harare in to a force of faith and power for the Kingdom of God.

The fun side

From not being able to play sports as a child due to his health and not being able to afford Basketball shoes at founders highschool to being blessed with so much today.

Bishop's love for soccer started when he watched local soccer games in Bulawayo, Zimbabwe. From the likes of Peter Ndlovu, who scored the winning goal for Zimbabwe against Cameroon at the National Sports Stadium. Bishop says "We were at church, and there was no power, so we went to watch the game"

His reasons for watching sports stems from the metaphor for success through dedication, focus and teamwork. Bishop supports Liverpool and specifically Bruce Grobbler.

He has travelled to Anfield and Webmly, fulfilling his lifelong dreams and ambitions from his years as a young man in Zimbabwe.

Running and fitness for preaching.

Now a prolific runner. He has done a lot of running over the years. Even now at 67, Bishop enjoys running long distances, for exercise but also to reflect, pray and be in the Spirit. how many kms in how much time?

How it is for fitness as well as a hobby.

Health awareness for men – BP, Cholesterol, Prostate issues....

Future of Sports and Arts

What is your vision of the future? ZIM track stars at the Olympics in 2024 was a good sign of the future..

Better governance of clubs and associations.

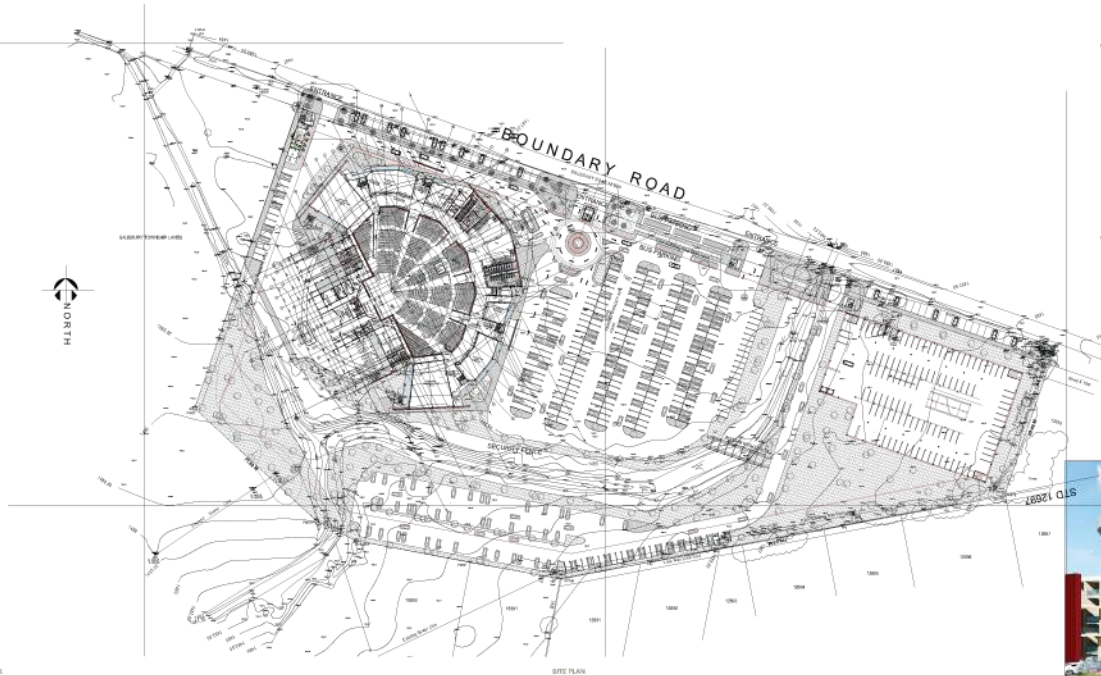

More than just a Structure

The Kingdom Cathedral is going to bring a Kingdom sensation to fruition with nothing lost in translation. It will go above and beyond “just a church service,” because it is designed to be an Experience. The exceptional collaboration of power praise and worship, power prayer, power preaching as well as the friendly and welcoming spirit of our people ensures that Kingdom Cathedral delivers an ultimate and unique experience.

We here at NLCC have a vision of “Kingdom” Transformation – Transforming People, Transforming Nations – and this vision will be experienced at our new facility.

The WOW Factor

While the considerations that went into the design of The Kingdom Cathedral are countless, the goal is quite singular, when you first take a look at it you should feel the “WOW Factor”. The design aesthetic of the Kingdom

Cathedral makes the statement that the standard which we have as a church is not just world class, but “Kingdom” class. For us, the design is an outward expression of the same values we’ve held dear for more than 25 years.
